Please Note: Be sure to check the exact addresses and current operating hours before setting out—parks and splash zones may have changed schedules, seasonal availability, or even relocated since this list was compiled. A quick visit to the park's official website or a phone call can help ensure a smooth (and splashy) day!

Cleveland City Spray Bins (All Free)

These spray parks (aka giant water sprinklers) are open through Labor Day, typically 11am–8pm. Please note that all [City of Cleveland spray parks / basins](#) will be in operation any day of the week when the temperature is 80 degrees or higher.

Spray bins are great for younger kids since there's no deep water, just spray, for endless active fun! Just as an FYI, there will be little to no standing water and therefore no lifeguards.

Arthur Johnston Spray Basin: East 147th St & Seville Ave, CLE 44102
