The Curtis Family

Lance and Heather are excited to join Good Soil after seeing how welcoming the congregation, Pastor Marissa, and the community have been during their visits. Good Soil feels familiar and they know it is the perfect place of worship for their newborn son, Alex. Heather grew up in Canton, OH, graduated from The Ohio State University and now is a commercial banker in downtown Cleveland. Lance grew up on a farm in Illinois and attended the University of Illinois. After graduating, he moved to Chicago where he and Heather met almost 10 years ago. Lance works as an investment manager in downtown Cleveland. In their spare time you will often find Heather and Lance on the golf course, tennis court, or spending time with family.

I'm David Dick. I am a retired elementary school teacher. I enjoy pickle ball, golf, guitar jams, woodworking, dogs, and traveling with my wife, Christina.

Ursula was born in Germany. She likes to help others, socializing, painting, nature programs and swimming. She often volunteers, including at the produce giveaway in Lakewood. Her friend, Karen Erchul, invited her to worship here at Good Soil, after years of worshiping at Trinity Lutheran in Lakewood.

Ursula Hamrick

My biggest interest is my Lord and family. I love my ability to be part of my grandkids being in band like their mom and me. Any music, and any genre. I love sports and Ohio State! Walking and exercising as able. I used to downhill ski and bike before the knees gave out. I played sax and drums in high school and in bands. I am a Reformation Lutheran from the Missouri Synod in 1989. I was a director in CD and mental health.
